FESTO BLUE STAR RANGE

Festo, the leading supplier of automation equipment, now offers more than 2,200 blue star core products for pneumatics, including cylinders, valves, regulators, sensors and accessories, as well as products that meet the specific requirements of process automation. These include solenoid, NAMUR and angle seat valves, positioners, sensor boxes, ball valves and ball valve actuator units, products for air preparation and accessories.

WHY SO SPECIAL?

Festo's state of the art production facilities ensure that all of the products highlighted with the blue star are of superb quality at attractive prices, as well as having excellent delivery times, even in high quantities. Great news for machine builders and buyers!

WHAT TO LOOK FOR

Look for the Blue Star symbol throughout this section of the catalogue.
